H. B. No. 2475

A BILL TO BE ENTITLED

AN ACT

relating to the provision of plumbing services to certain
economically distressed areas.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 3, The Plumbing License Law, (Title 109A,
V. A. C. S. Article 6243-101) is amended by adding a new subsection
(c) and renumbering subsections (c) through (e) as subsections (d)
through (f) respectively, to read as follows:

(c) Plumbing work done by an organization providing "Self
Help" work through a STEP program, certified by the Texas Natural
Resource Conservation Commission, in a geographic area located in a
county some part of which is within 150 miles of the international
border of this state and that:

(1) has a majority population composed of individuals
and families of low income and very low income, based on the
federal Office of Management and Budget poverty index, and meets
the qualifications of an economically distressed area under Section
17.921, Water Code; or

(2) has the physical and economic characteristics of a
colonia, as determined by the department.

(d) [~~(c)~~] Plumbing work done by anyone who is regularly
employed as or acting as a maintenance man or maintenance engineer,
incidental to and in connection with the business in which he is
employed or engaged, and who does not engage in the occupation of a

1 plumber for the general public; construction, installation and
2 maintenance work done upon the premises or equipment of a railroad
3 by an employee thereof who does not engage in the occupation of a
4 plumber for the general public; and plumbing work done by persons
5 engaged by any public service company in the laying, maintenance
6 and operation of its service mains or lines to the point of
7 measurement and the installation, alteration, adjustment, repair,
8 removal and renovation of all types of appurtenances, equipment and
9 appliances, including doing all that is necessary to render the
10 appliances useable or serviceable; appliance installation and
11 service work done by anyone who is an appliance dealer or is
12 employed by an appliance dealer, and acting as an appliance
13 installation man or appliance service man in connecting appliances
14 to existing piping installations; water treatment installations,
15 exchanges, services, or repairs. Provided, however, that all work
16 and service herein named or referred to shall be subject to
17 inspection and approval in accordance with the terms of all local
18 valid city or municipal ordinances;

19 (e) [~~†d~~] Plumbing work done by a licensed irrigator or
20 licensed installer when working and licensed under Chapter 197,
21 Acts of the 66th Legislature, Regular Session, 1979 (Article 8751,
22 Vernon's Texas Civil Statutes). A person holding a valid license
23 from the Texas State Board of Plumbing Examiners shall not be
24 required to be licensed by any other board or agency when
25 installing or working on a lawn irrigation system;

26 (f) [~~†e~~] Plumbing work done by an LP Gas installer when
27 working and licensed under Chapter 113, Natural Resources Code, as

1 amended.

2 SECTION 2. This Act takes effect September 1, 1999.

3 SECTION 3. The importance of this legislation and the
4 crowded condition of the calendars in both houses create an
5 emergency and an imperative public necessity that the
6 constitutional rule requiring bills to be read on three several
7 days in each house be suspended, and this rule is hereby suspended.

HOUSE COMMITTEE REPORT

RECEIVED PRESEN

By Wise, Najera

H.B. No. 2475

Substitute the following for H.B. No. 2475:

By Wilson

C.S.H.B. No. 2475

A BILL TO BE ENTITLED

AN ACT

relating to the provision of plumbing services to certain economically distressed areas.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Section 3, The Plumbing License Law (Article 6243-101, Vernon's Texas Civil Statutes), is amended to read as follows:

Sec. 3. ACTS PERMITTED WITHOUT A LICENSE. (a) The following acts, work and conduct shall be expressly permitted without license:

(1) [(a)] Plumbing work done by a property owner in a building owned or occupied by him as his homestead;

(2) [(b)] Plumbing work done outside the municipal limits of any organized city, town or village in this state, or within any such city, town or village of less than five thousand (5,000) inhabitants, unless required by ordinance in such city, town or village of less than five thousand (5,000) inhabitants;

(3) [(c)] Plumbing work done by anyone who is regularly employed as or acting as a maintenance man or maintenance engineer, incidental to and in connection with the business in which he is employed or engaged, and who does not engage in the occupation of a plumber for the general public; construction, installation and maintenance work done upon the premises or equipment of a railroad by an employee thereof who does not engage

in the occupation of a plumber for the general public; and plumbing work done by persons engaged by any public service company in the laying, maintenance and operation of its service mains or lines to the point of measurement and the installation, alteration, adjustment, repair, removal and renovation of all types of appurtenances, equipment and appliances, including doing all that is necessary to render the appliances useable or serviceable; appliance installation and service work done by anyone who is an appliance dealer or is employed by an appliance dealer, and acting as an appliance installation man or appliance service man in connecting appliances to existing piping installations; water treatment installations, exchanges, services, or repairs. Provided, however, that all work and service herein named or referred to shall be subject to inspection and approval in accordance with the terms of all local valid city or municipal ordinances;

(4) [d] Plumbing work done by an [a--licensed] irrigator licensed under Chapter 34, Water Code, or an [licensed] installer licensed under Chapter 33, Water Code [~~when-working-and licensed-under-Chapter-197, Acts-of-the-66th--Legislature,--Regular Session,--1979--(Article--8751, Vernon's-Texas-Civil-Statutes)~~]. A person holding a valid license from the Texas State Board of Plumbing Examiners shall not be required to be licensed by any other board or agency when installing or working on a lawn irrigation system;

(5) [e] Plumbing work done by an LP Gas installer when working and licensed under Chapter 113, Natural Resources

Code, as amended;

(6) Plumbing work, limited to the provision of a residential potable water supply or residential sanitary sewer connections, for a project in a geographic area that is located in a county any part of which is within 50 miles of an international border that is done by an organization that:

(A) is certified by the Texas Natural Resource Conservation Commission to provide "self-help" project assistance; and

(B) provides the board with the following information before the 30th day before the date the project begins:

(i) a specific project location;

(ii) the intended duration of the project;

and

(iii) other information the board may require.

(b) Any failure by an organization to meet the requirements of Subsection (a)(6) of this section, including the requirement to obtain certification from the Texas Natural Resource Conservation Commission under Subsection (a)(6)(A) of this section or the requirement to provide a report to the board under Subsection (a)(6)(B) of this section:

(1) invalidates the exception granted under Subsection (a)(6) of this section for the plumbing work performed by that organization in relation to the specific project on which the plumbing work is performed; and

(2) makes any unlicensed individual or entity that

1 performs the plumbing work for that project subject to all
2 penalties ordinarily available to the board against an individual
3 or entity that performs plumbing work without a license.

4 (c) The board may provide training to an organization that
5 provides "self-help" project assistance under Subsection (a)(6) of
6 this section.

7 SECTION 2. This Act takes effect September 1, 1999.

8 SECTION 3. The importance of this legislation and the
9 crowded condition of the calendars in both houses create an
10 emergency and an imperative public necessity that the
11 constitutional rule requiring bills to be read on three several
12 days in each house be suspended, and this rule is hereby suspended.

COMMITTEE REPORT

The Honorable James E. "Pete" Laney
Speaker of the House of Representatives

4/28/99
(date)

Sir:

We, your COMMITTEE ON LICENSING AND ADMINISTRATIVE PROCEDURES

to whom was referred HB 2475 have had the same under consideration and beg to report back with the recommendation that it

- () do pass, without amendment.
- () do pass, with amendment(s).
- (X) do pass and be not printed; a Complete Committee Substitute is recommended in lieu of the original measure.
- (X) yes () no A fiscal note was requested.
- () yes (X) no A criminal justice policy impact statement was requested.
- () yes (X) no An equalized educational funding impact statement was requested.
- () yes (X) no An actuarial analysis was requested.
- () yes (X) no A water development policy impact statement was requested.
- () yes (X) no A tax equity note was requested.
- () The Committee recommends that this measure be sent to the Committee on Local and Consent Calendars.

C.S.H.B. 2475

By: Wise

Licensing & Administrative Procedures

4/30/1999

Committee Report (Substituted)

BACKGROUND AND PURPOSE

Current law requires that a licensed plumber connect water or sewer service in small towns with a population over 5,000, except for connections to homesteads. However, many colonia home purchasers are unable to qualify for homestead status, and therefore, must hire a professional plumbers, rather than being able to utilize self-help labor.

C.S.H.B. 2475 permits an organization, certified by the Texas Natural Resource Conservation Commission, that provides "self-help" project assistance in an area in a county any part of which is within 50 miles of the international border and that gives the Texas State Board of Plumbing Examiners (board) a specified project location, the intended duration of the project, and other information the board may require before the 30th day before the project begins, to perform plumbing work without a license if the work is limited to the provision of a residential potable water supply or residential sanitary sewer connections. Under this bill, any failure by the organization that provides "self-help" project assistance in those border areas to meet the above requirements invalidates the exception to perform plumbing work without a license and subjects any unlicensed individual or entity that performs the plumbing work to all penalties available against an individual or entity that performs plumbing work without a license.

RULEMAKING AUTHORITY

It is the opinion of the Office of House Bill Analysis that this bill does not expressly delegate any additional rulemaking authority to a state officer, department, agency, or institution.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Section 3, Article 6243-101, V. T. C. S. (The Plumbing License Law), as follows:

Sec. 3. ACTS PERMITTED WITHOUT A LICENSE. (a) Created from existing text. Redesignates existing Subsections (a)-(e) to Subdivisions (1)-(5) and makes a conforming change to Subdivision (4) by updating statutory references. Adds Subdivision (6) to permit an organization, certified by the Texas Natural Resource Conservation Commission, that provides "self-help" project assistance in an area in a county any part of which is within 50 miles of the international border and that gives the Texas State Board of Plumbing Examiners (board) a specified project location, the intended duration of the project, and other information the board may require before the 30th day before the project begins, to perform plumbing work without a license if the work is limited to the provision of a residential potable water supply or residential sanitary sewer connections.

(b) Adds this subsection to provide that any failure by the organization that provides "self-help" project assistance in those border areas to meet the requirements of Section 3(a)(6) invalidates the exception to perform plumbing work without a license and subjects any unlicensed individual or entity that performs the plumbing work to all penalties available against an individual or entity that performs plumbing work without a license.

(c) Adds this subsection to authorize the board to provide training to an organization that provides "self-help" project assistance.

SECTION 2. Effective date: September 1, 1999.

SECTION 3. Emergency clause.

COMPARISON OF ORIGINAL TO SUBSTITUTE

C.S.H.B. 2475 differs from the original bill in SECTION 1, as follows:

The substitute redesignates existing Section 3, Article 6243-101, to proposed Section 3(a) and creates Sections 3(b) and (c). Accordingly, the substitute redesignates existing Subsections (a)-(e) of Section 3 to Subdivisions (1)-(5) of proposed Section 3(a). Because of these redesignations, the substitute negates the redesignations made by the original when it proposed to create a new Subsection (c) for existing Section 3.

As for proposed Subsection (c) of Section 3, the substitute redesignates it as Subdivision (6) of proposed Section 3(a) and amends it substantially. Under the original, proposed Subsection (c) would have included plumbing work done by an organization providing "Self Help" work through a STEP program, certified by the Texas Natural Resource Conservation Commission (TNRCC), in an area of a county within 150 miles of the international border, the majority population of which is designated as having low income or very low income according to the federal Office of Management and Budget poverty index and qualifies as an economically distressed area under Section 17.921, Water Code (Definitions), or that has the physical and economic characteristics of a colonia among the type of work permitted without a plumbing license.

Under the substitute, plumbing work done by an organization, certified by TNRCC, that provides "self-help" project assistance in an area in a county any part of which is within 50 miles of the international border must be limited to the provision of a residential potable water supply or residential sanitary sewer connections to be performed without a license. In addition, the substitute provides that, in addition to being certified by the Texas Natural Resource Conservation Commission, the organization that provides "self-help" project assistance must give the Texas State Board of Plumbing Examiners (board) a specified project location, the intended duration of the project, and other information the board may require before the 30th day before the project begins to be permitted to do plumbing work without a license.

As previously mentioned the substitute creates Sections 3(b) and (c). Proposed Section 3(b) provides that any failure by the organization that provides "self-help" project assistance in those border areas to meet the requirements of proposed Section 3(a)(6) invalidates the exception to do plumbing work without a license and subjects any unlicensed individual or entity that performs the plumbing work to all penalties available against an individual or entity that performs plumbing work without a license. Proposed Section 3(c) authorizes the board to provide training to an organization that provides "self-help" project assistance.

The substitute also makes conforming changes in proposed Section 3(a)(4) by updating statutory references.
